

System Requirements for Moodle

Operating System:

- Windows Vista, Windows 7, Windows 8, Windows 10
- Mac OS X 10.6 or higher

Browser:

- [Internet Explorer 11+ \(Download Internet Explorer\)](#) (Version 10 is required for drag-and-drop upload from outside the browser into Moodle)
- [Firefox 52+ \(Download Firefox\)](#)
- [Google Chrome 56+ \(Download Google Chrome\)](#)
- [Safari 8+ \(Download Safari\)](#)
- [Opera 43+ \(Download Opera\)](#).

Some browsers may not support all functionalities in Moodle, such as online quizzes and the HTML editor. You may need to add an exception for your Moodle website to your browser's pop-up blocker. It is also recommended to disable any pop-up blockers in third-party toolbars that may be installed in your browser.

Internet Connection:

- Dial-up (load times may be lengthy)
- DSL
- Cable

DSL, cable, or a faster Internet connection is recommended for the best user experience.

Additional Requirements:

- Updated version of [Adobe Reader \(Download Adobe Reader\)](#)
